Superior Glads

1934
Supplement

GRANT E. MITSCH

"Gladland"

BROWNSVILLE

OREGON

U. S. A.

Picardy

THIS wonderful Glad (illustrated on the front cover) has again demonstrated its superiority to the majority of Glads introduced and another season has witnessed its taking of many of the major prizes at various shows held in different parts of the world. From all sections of the United States and Canada, from New Zealand, from Australia, and from England come reports stating that Picardy is one of the most beautiful Glads. At the Canadian National show it takes sweepstakes year after year and as it is becoming better known and more widely grown in other parts of the world it is adding to its laurels wherever it is exhibited in good form. Owing to its rapid propagation, stock has increased to the point where prices are now comparatively low and every Glad fan can include this in his 1934 order. For prices, see inside of catalogue.

Instructions for Ordering

Terms: Cash or 25% down and the balance before delivery or C.O.D. Five bulbs or bulblets may be purchased at one-half the price of ten, and twenty-five at one-fourth the hundred price. Where not otherwise quoted, single items may be purchased at one-eighth the price per ten providing the item does not total less than ten cents. Domestic orders prepaid if over \$1.00. Foreign orders over \$2.50 prepaid except in case of large and medium bulbs priced at \$5.00 per 100 or less for large size bulbs, in which case 50c per 100 should be added for large bulbs and 20c for medium bulbs.

Discounts: 10% cash discount on orders over \$5.00; 15% off on orders over \$10.00; and 20% off on orders over \$25.00. These discounts do not apply to Christabel, Mildred Louise, the new Palmer varieties, and collections. Liberal extras and overcount, especially with early orders.

NOTICE

Copies of the 1933 “Handbook for Glad Fans” at 15c per copy while they last. Contrary to my plans mentioned in last year’s catalog, I am not issuing a complete catalog this year but merely this supplement with descriptions of varieties not described in last year’s edition, or additions to the descriptions given therein. I still have a few copies of the 1933 catalog left but as many more inquiries are coming than I had anticipated, I am making a charge of fifteen cents per copy for these catalogs in the hope that I shall thereby have enough to go around to those most interested.

It will be noted that my descriptions are somewhat more brief this year and the tables not so complete in that I did not take records the past year as was done the year before, and these new tables do not give the blooming dates in most cases. The flower sizes of new varieties described for the first time are not the result of actual measurements, but I have endeavored to arrive as near as possible to actual measurements and not to over-rate the sizes. I trust that another year it will again be possible to issue a complete catalog with complete field records and illustrations of the newer sorts.

It may be that the tabular headings and abbreviations in columns need some explanation. “Sub.”, meaning substance, has been determined from thickness of petals, ability to stand heat and wind in field and behavior after cutting. Substance is classified by using initials of Fair, Good and Excellent. Under type, most varieties come under the abbreviations for Grandiflorus, Primulinus or Primulinus Grandiflorus. Several bear “L” for Laciniated, while a few are marked “M” for Miniature or “N” for Needlepoint. Ruffled varieties are marked “R”. The blooming season listings are designated as Early, Early Midseason, Midseason, Late Midseason and Late, the initials of these being used as abbreviations. The diameter of a representative floret is expressed in inches, while the height is shown as Short, Medium or Tall. We believe “No. Out” is self explanatory.

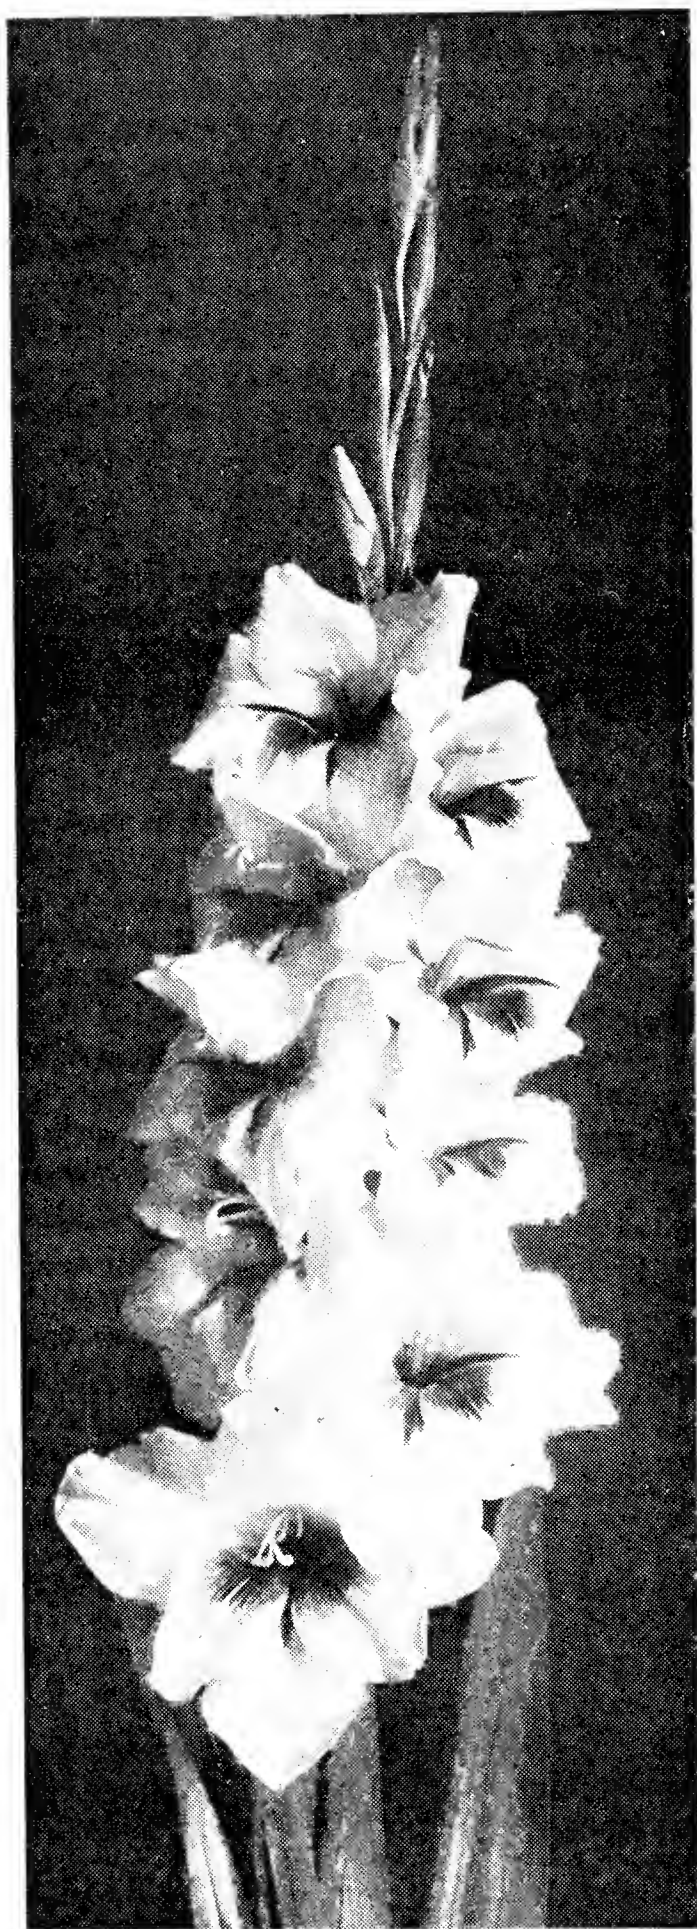

To conserve space the following abbreviations are used for names of introducers or originators: A, Austin; Alk, Alkemade; B, Barth; Bet, Betscher; Br, Brown; Bur, Burbank; C, Coleman; Cr, Crow; D, Diener; Dec, Decorah; Dg, Miss Douglas; El, Ellis; Er, Errey; F, Fischer; Gil, Gilrey; Hol, Holland; Hr, Hornberger; K, Kunderd; Kin, Mrs. Kinyon; Kir, Kirchoff; Lem, Lemoine; M, Mair; Mil, Miller; Mrs. H, Mrs. Hoeg; Mz, Metzner; Pal, Palmer; Pf, Pfitzer; Pp, Piper; Pr, Prestgard; Sal, Salbach; St, Stevens; Sy, Symons; V, Vaughan; Vel, Velthuys; Vil, Vilmorin.

THRIPS

In addition to what was said in last year’s catalog regarding this new pest, I might add that I believe the use of naphthalene flakes is an absolute and complete cure for thrips if thoroughly and properly used. I would advise that, if possible, the treating be done in the winter before much root growth has been made and that the treatment not be longer than three weeks. With the sacks tightly closed over a period of two or three weeks, the fumes apparently do a complete job and if left too long in the sacks, it may slow up, or even dwarf the growth of the bulbs to the point where they will not bloom. The main danger from this source comes from having the naphthalene among bulbs that are in the state of root formation and growth. I would recommend that all bulbs be treated with naphthalene regardless of the source from whence they came. Reports from the East state that thrips have not been so injurious the past year as previously and it is believed that this pest will not be nearly as serious as it was considered at first.

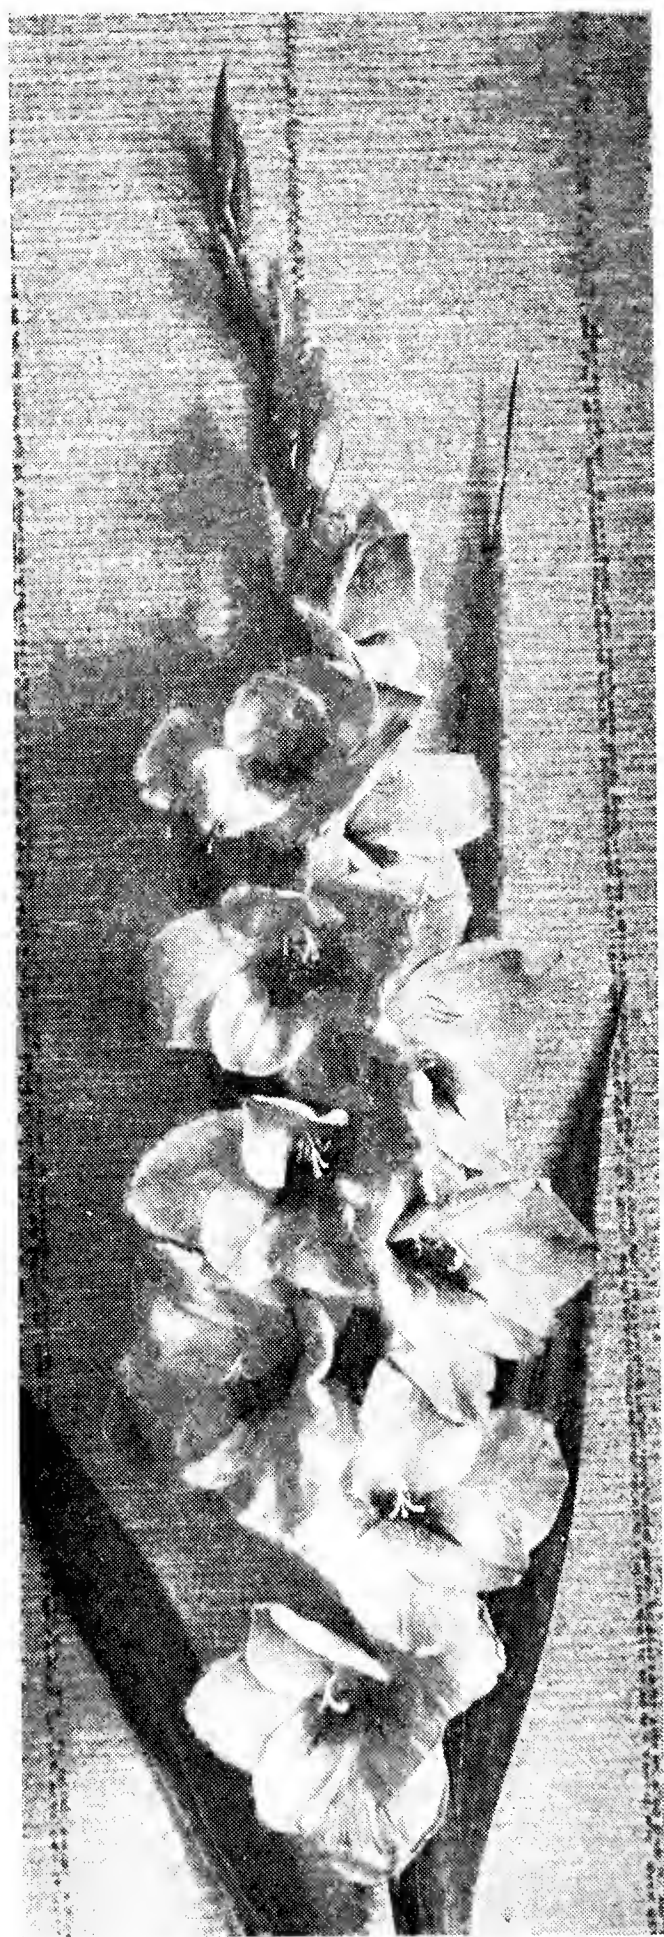

STOCK

I believe that my crop this year is the best that I have ever harvested both as to varieties and quality and cleanness of bulbs. Owing to better growing conditions, I can offer larger bulblets and

A. H. WOODFULL

Lovely flowers are smiles of God's goodness.
—*Wilberforce*

NERISSA

send better bulbs than last year. Stock has been inspected both in the field and in the storage house and is believed to be entirely free from thrips. Below are a few brief quotations from letters received the last few days.

“Bulblets arrived last evening and I was surely pleased, as I always am.” Wisconsin.

“Package arrived yesterday. Never knew till I opened same that Glads were so prolific. Apparently all have doubled in number since leaving Brownsville.” Indiana.

“I just wanted to tell you that the Gladioli came to hand this morning in good condition; I am very well pleased with them. You have been very generous, for you have not been content to give me overcount in every package but you have added extras of some very special varieties.” England.

“Your bulbs were some of the nicest I have ever received, especially stuff that I want for resale.” California.

Pages might be filled with letters having similar comments.

NEW VARIETIES

A large number of new varieties have been added to my list this year and I should like especially to call your attention to the Roozen-DeGroot varieties; also, the new ones of Pfitzer's and those from various sources in New Zealand and Australia. Most of the Roozen varieties are similar to Pfitzer's Triumph in form and size but often with much longer flower heads and with various colors in the different varieties.

GLADIOLUS SOCIETIES

No Glad fan who keeps up to date on the new Glads can afford not to be a member of some of the Gladiolus Societies. I would especially recommend the following: The American Gladiolus Society, which issues the Gladiolus Review, a magazine covering all phases of Glad growing. Dues \$2.00 per year. The New England Gladiolus Society sends both the 1933 and 1934 year books with about 400 pages of very interesting reading matter and the valuable Fischer color chart to new members for the very small membership fee of \$1.00. The British Gladiolus Society issues a splendid year book with many interesting articles and numerous black and white and colored illustrations. \$1.30 for membership. Send your remittance for any of these societies to me and if accompanied by your order, I shall be glad to send a medium size bulb of Salmon Emperor free for each membership sent, unless my supply is exhausted, in which case some other good variety will be sent.

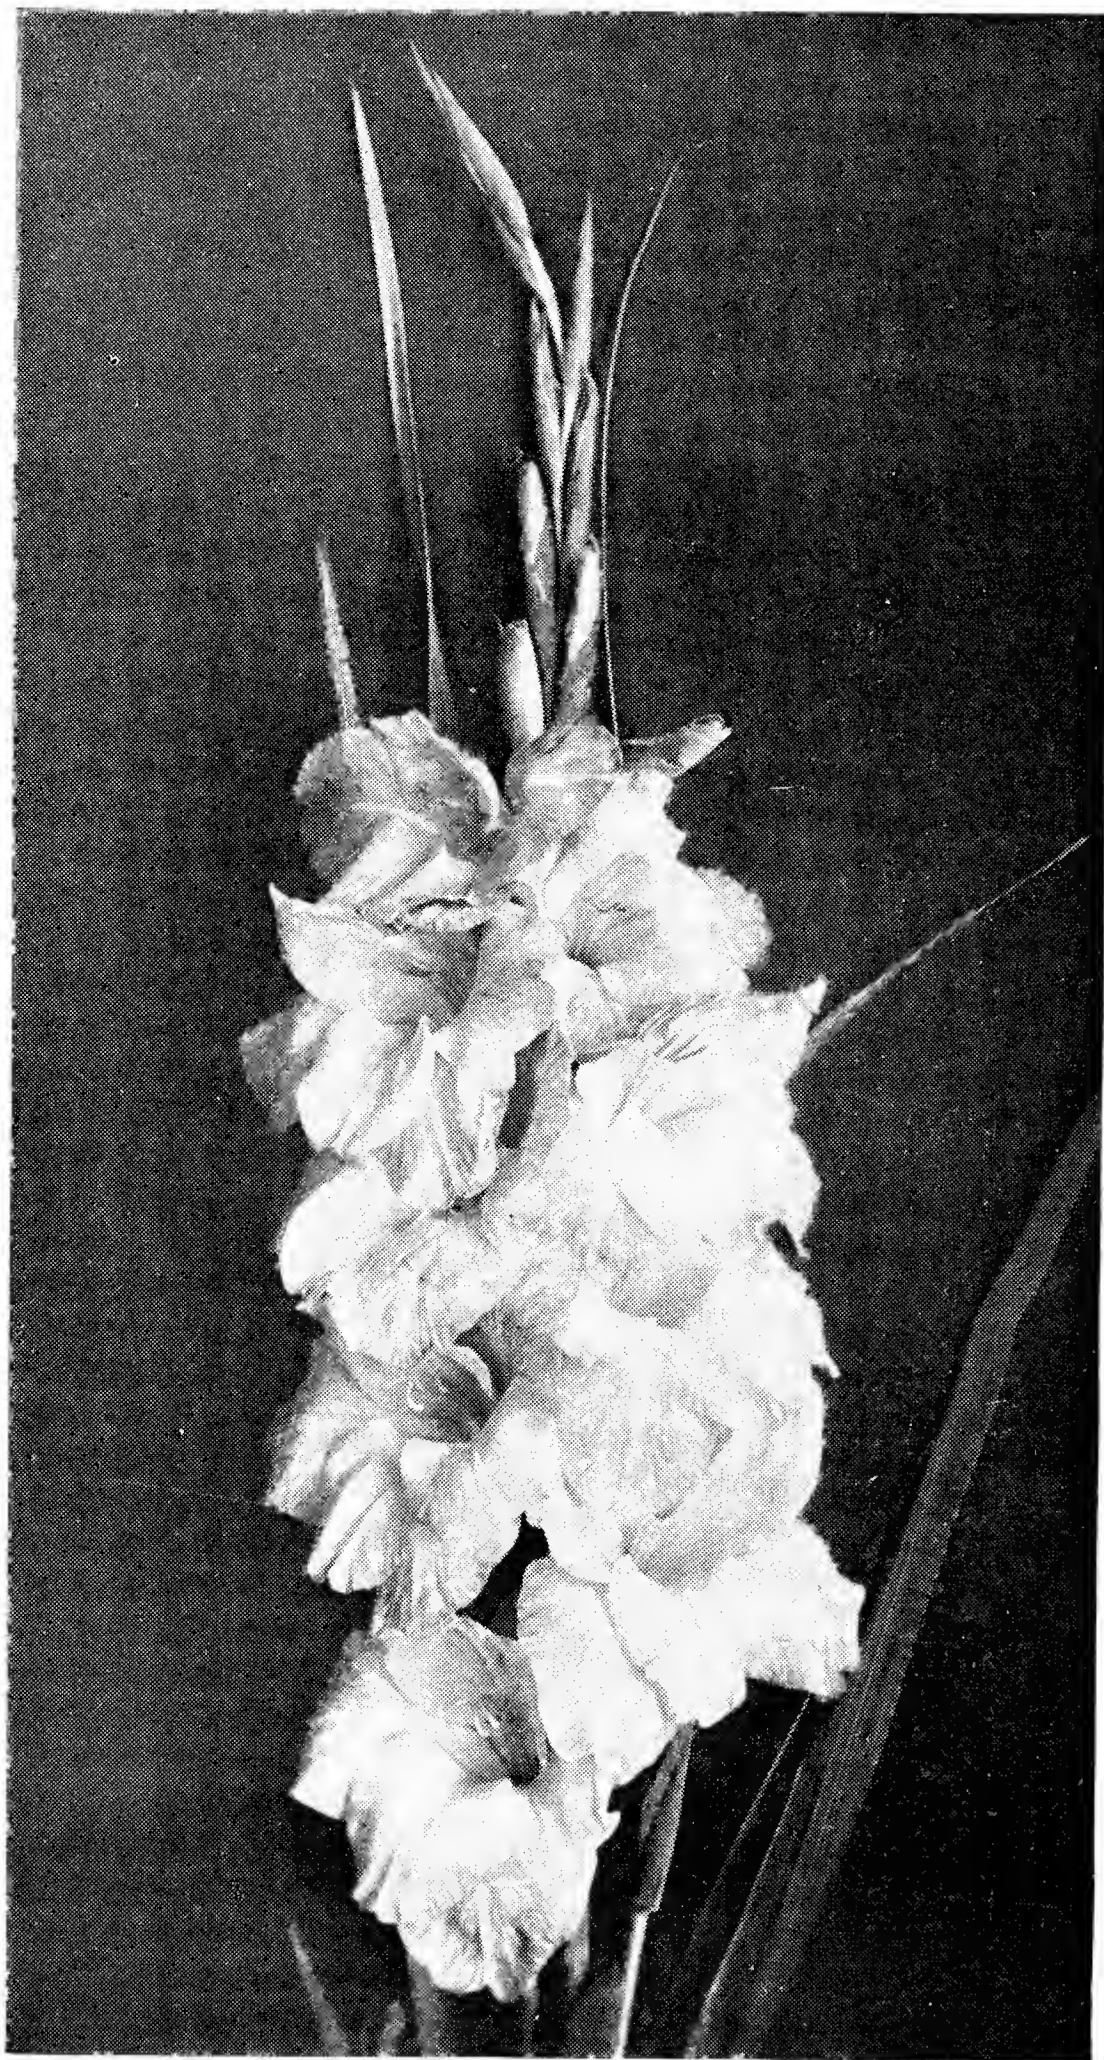

PICARDY

A few more words as to this wonderful variety. Prices on this have been quite uncertain and many drastic cuts have been made, but apparently, stocks will not last long at the prices for which it has been offered in some quarters and I believe that stock of large bulbs is already pretty well depleted. In comparing bulblet prices, please note that I offer large selected bulblets for the prices quoted except in the collection in which it is offered in bulblets.

MY OWN INTRODUCTIONS

FLAMING METEOR (Seedling No. 28C47/2) 1934. (Pfitzer's Triumph x Aflame). A giant red similar to Tip Top but more nearly self colored. This is one of the brightest and most showy of all the Glads I grow. Flowers are very large with usually from four to six open, but when bloomed in cool weather, it sometimes has several immense blooms open making about the most showy spikes imaginable. Flowers are well placed and of good texture. The individual florets are round in form and wide open. From smaller sized bulbs, they are sometimes rather loosely attached to the spike but this fault seems less apparent from large bulbs. While I have a good stock of this, I have cut too few spikes to know how it will stand up as a cut flower, although I believe it will make a good exhibition variety judging from the few spikes cut and shown. As a garden flower, I believe it has few if any superiors for color display.

Flaming Meteor is a very vigorous grower with plants much like those of one of its parents, Aflame. Spikes are heavy and strong and very seldom crook with me. A good propagator and strong

CHRISTABEL

grower from bulblets. Must be grown from large bulbs to give the best spikes and it gives only one spike per bulb with me. As I have perhaps 2000 bulbs of this variety, I am offering it at the low price of \$1.00 each or \$10.00 per dozen for bulbs of any size. No bulblets this year.

SERENADE (Seedling No. 28C52/1) 1934. From a cross of Mary Jane x Phipps. In color this is a rich pure pink with white blotches on the lower petals. From eight to eleven or more florets open at once on a good straight spike with good placement. Florets are only medium in size but of attractive form and good texture. The spike is somewhat reminiscent of the type favored in Australia but with me the color is better than in most of those varieties and this is a good producer of bulblets which germinate fairly well. Foliage light green in color and plant medium strong in growth. Frequently blooms from bulblets. Large or medium bulbs \$2.50 each; Small bulbs for \$1.50 each, \$15.00 per dozen; Bulblets, 50c each, \$5.00 per dozen.

CHRISTABEL (Seedling No. 28C104/2) 1933. From a cross of Mrs. P. W. Sisson x Phipps. A large exhibition light pink with cream throat blotches. Consistently opens seven to ten large well placed florets. Sometimes the florets come a bit crowded but it usually makes a very attractive spike with a good number of buds to open above the flowers in bloom. Bulbs of this variety do not always look as attractive as they might, yet they grow strongly and give fine blooms. The small bulblets of this usually make small bulbs the first year but the large bulblets occasionally bloom and No. 7 bulbs planted in 1933 gave many blooms and made a large percentage of large bulbs even though planted very closely. From the number of good reports I have received on this variety, I am quoting excerpts below from a few. Large bulbs, \$3.00 each, \$24.00 per 10; Med. \$2.00 each, \$16.00 per 10; Small, \$1.00 each, \$8.00 per 10; Blts. 25c each, \$2.00 per 10, \$16.00 per 100.

“My experience with Christabel has been a little more satisfactory than any new glad I have ever grown. * * * I picked one this morning from a No. 6 bulb to take to the —— Fair and gave it a most prominent spot in my commercial exhibit which it deserved, the flower head having 20 buds and flowers which I believe is the most for a bulb of that size that I have ever produced.”

“Boy! What a flower was Christabel. Finest thing in the garden except Picardy and every bit equal to it.”

“Christabel gave me fine spikes from the small bulbs that I had.”

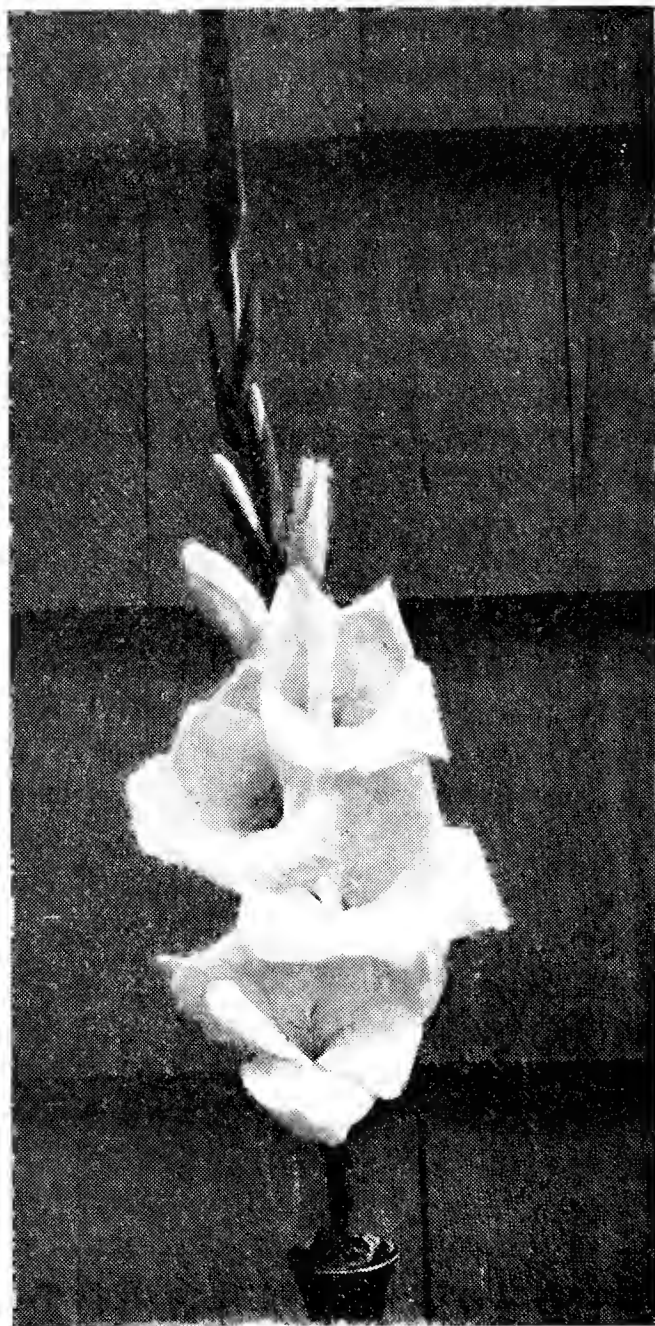

“Your Christabel and Thor have both bloomed for us and are both good. Christabel is fine, and we like it very much.”

“Now for the best of all, Picardy, Christabel, and Thor—these were wonderful.”

I have not given the names of the writers of the letters from which the above quotations were taken for the reason that I prefer to let these individuals grow Christabel another year that they may feel sure they have not overestimated the merits of the flower before their names are used for advertising purposes.

THOR (Seedling No. 28C47/1) 1933. Thor came from the same lot of seedlings as Flaming Meteor but as I worked up stock of this a little sooner than the other, It was offered last year for the first time. During the season of 1933, it has not performed as well as before with me and two or three others report that it did not bloom for them. On the other hand I had some very good reports on it and as my own bulbs that bloomed late in the season gave better flowers than the early ones, it may have been that the trouble was due to soil conditions or weather. While I believe it to be as good as many varieties introduced, I am not giving it any special recommendation this year. Any who wish to order it this year may do so and if it proves a failure, they may select bulbs of my introduction to the same value for delivery free of charge another year. The price is: Large bulbs \$1.00 each; Medium 50c each, \$4.00 per 10; Small 25c each, \$2.00 per 10; Blts. 10c each, \$1.00 per dozen, \$6.00 per 100.

ALBATROS

The plate shown above is from the winning photo sent in for my 1933 photo contest. The prize of \$5.00 was awarded to Mr. Walter C. Krueger, of Oconomowoc, Wisconsin. See announcement on the inside back cover for 1934 contest. Also, note that spikes of the newer varieties, particularly exhibition sorts well grown, will be given preference in judging, other qualities being equal.

The “Blues”

Variety — Originator — Color and Markings	Sub.	Type	Blm. Sea.	Dia. In.	Ht.	No. Out
AIDA (Pf) Deep violet blue, red throat, very early L. 10 for 50c; M. 10 for 30c; S. 10 for 15c; Blts. 100 for 20c.	G	G	E	4	M	6
ALEC (Dg) Strong growing, medium violet, red blotch L. \$1.00 each; Blts. 10 for \$1.00.	G	G	LM	4	M	5
ALLAWAH (Er) Lavender violet, red blotch, strong L. \$1.00 per 10; M. 10 for 60c; S. 10 for 35c; Blts. 100 for 35c.	G	G	M	4	T	6
ALT WEIN (Pf) Light violet, wine feather, white blotch L. 20c each, 10 for \$1.50; M. 10c each, 10 for 90c; S. 10 for 50c; Blts. 10 for 25c, 100 for \$1.25.	F	G	E	4½	M	5
AVE MARIA (Pf) Medium violet blue, red feather L. 10 for 50c; M. 10 for 30c; S. 10 for 20c; Blts. 100 for 20c.	G	G	EM	4½	T	8
BADENIA (Freitsch) Purest light violet, deep feather Any size 35c each.	F	G	M	5	S	7
BELLA DONNA (Pf.) Medium violet, darker feather <i>Not as vigorous as some, but a good flower. Better facing than the average.</i> L. \$2.25 each; M. \$1.50 each; S. \$1.00 each; Blts. 40c each, 10 for \$3.00.	G	G	4½	M	5
BLUE ADMIRAL (Christ) Deep violet blue, violet plume <i>Here is a Glad that you should have if you want the best in “blues.” Another season has proven it better than it appeared before.</i> L. \$7.50 each; M. \$5.00 each; S. \$2.50 each; Blts. 50c each, \$4.00 per 10.	E	G	EM	5	T	6
BLUE DANUBE (Allen) Medium light violet <i>A flower quite similar to Alt Wien. Medium good propagator. Should be useful in hybridizing.</i> L. 50c each; M. 30c each; S. 20c each; Blts 10 for 40c.	G	G	4½	M	4
BLUE DANUBE (Pf) Light violet, darker feather L. 35c each, 10 for \$2.80; M. 25c each, 10 for \$2.00; S. 15c each, 10 for \$1.20; Blts. 10 for 25c, 100 for \$2.00.	G	G	M	5	T	6
BLUE DELIGHT (Dg) Deep violet, deeper throat <i>This did not look as good in 1933 as before but that was likely due to an overdose of naphthalene. Perhaps not as resistant to treating as some. Unlike Pelegrina, this is a good seed and and pollen producer.</i> L. \$2.50 each; M. \$1.50 each; S. 75c each; Blts. 25c each, 10 for \$2.00.	G	G	LM	4	M	7
BLUE MOON (Blake) Medium violet, small purple plume <i>Somewhat on the order of Othello but more vigorous in growth and a rapid propagator. Under some conditions this has a little more red in the color composition than Othello.</i> L. 15c each; M. 10 for 75c; S. 10 for 40c; Blts. 100 for 30c.	G	G	E	4½	M	6
BLUE PEACOCK (Sal) Medium violet, red and white throat L. \$1.50 each; M. \$1.00 each; Blts. 15c each, 10 for \$1.20.	G	G	EM	4½	M	4
BLUE ROYALE (V) Violet blue with lighter throat L. \$1.25 each, 10 for \$10.00; M. 75c each, 10 for \$6.00; S. 35c each, 10 for \$3.00; Blts. 15c each, 10 for \$1.25, 100 for \$8.00.	G	G	LM	4	T	6
BLUE TRIUMPHATOR (P) Very light violet, deeper feather L. 40c each, 10 for \$3.20; M. 30c each, 10 for \$2.00; S. 15c each, 10 for \$1.20; Blts. 10 for 30c, 100 for \$2.50.	F	G	EM	6½	M	6
BOSTONIA (Br) Light violet with red blotch L. \$2.50.	G	G	M	3½	T	5
CANYON VIOLET (V) Deep violet blue, small purple plume L. \$5.00 each; Blts. 50c each.	G	G	LM	4½	T	5
CELESTIAL QUEEN (Christ) Light violet, darker blotch <i>There are others of more attractive color but few of better habit. A fine propagator that makes huge bulblets.</i> L. \$5.00 each; M. \$3.00 each; S. \$1.50 each; Blts. 50c each.	G	G	4½	T	6
CHAMPLAIN (Palmer) Beautiful light blue-violet <i>A beautiful addition to this class. Somewhat bluer and deeper in color than Heavenly Blue. Rapid propagator.</i> L. \$4.00 each; M. \$3.00 each; Blts. \$1.00 each, 10 for \$8.00.	G	G	4½	T	7
FAITH (Kin.) Light violet, small deep violet feather L. 40c each; M. 30c each; S. 20c each; Blts. 10 for 50c.	F	G	LM	4½	M	6

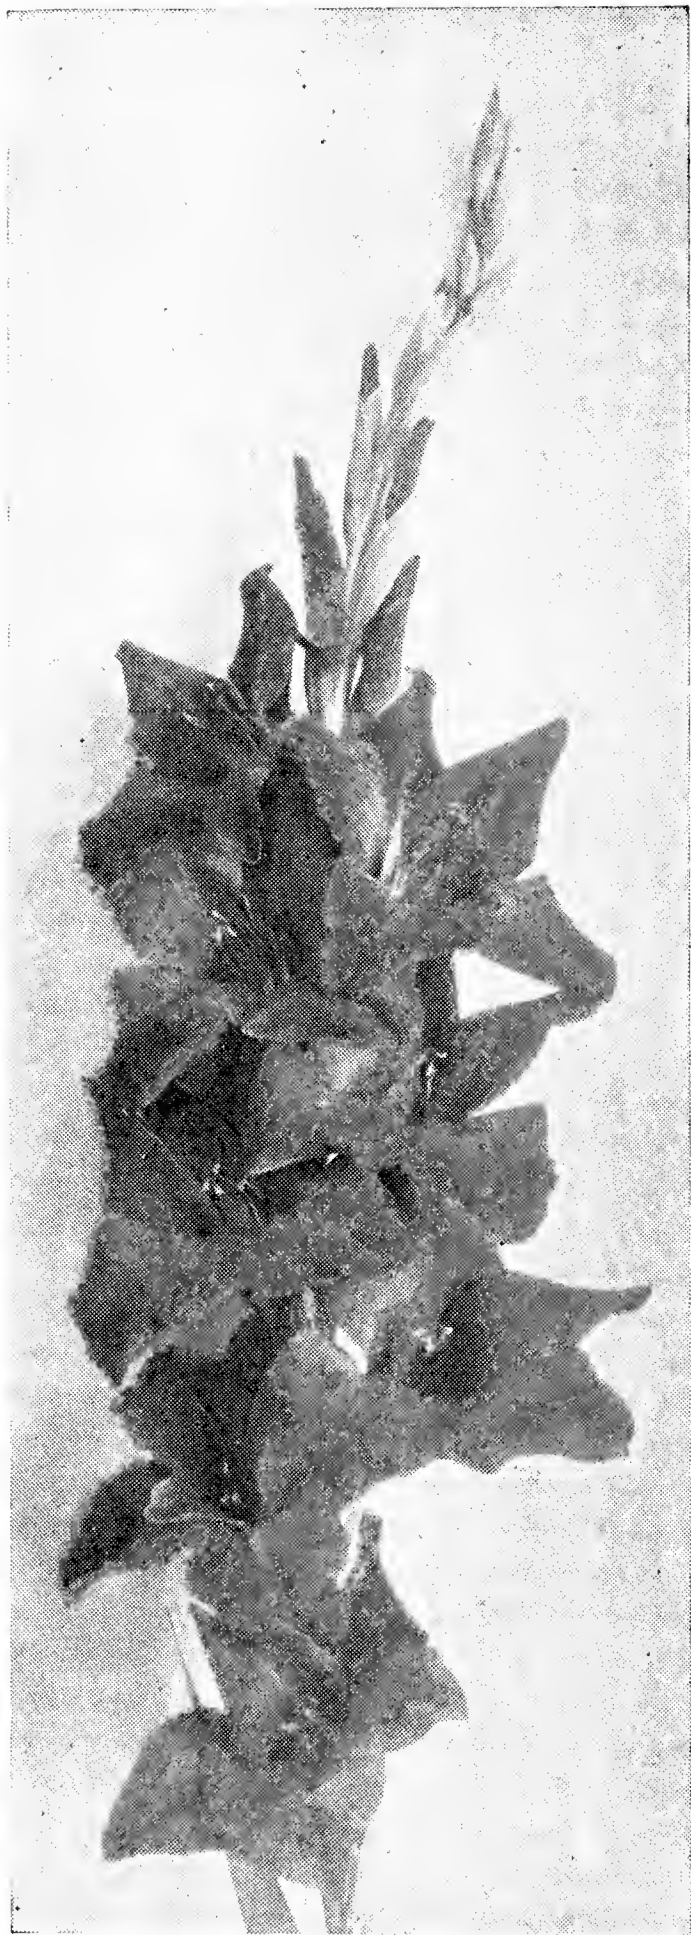

Variety — Originator — Color and Markings	Sub.	Type	Blm. Sea.	Dia. In.	Ht.	No. Out
GERALDINE FARRAR (D) Light blue, deeper feathered throat <i>One of the older ones. Lacks in vigor and placement not always good but very clear color.</i> M. 10 for 25c; S. 10 for 15c.	G	G	M	4½	M	7
HEAVENLY BLUE (Pf.) Light violet blue, deep violet feather.... L. 10c each; M. 10 for 30c; S. 10 for 15c; Blts. 100 for 15c.	G	G	M	4	M	8
JAP LADY (Pr.) Lavender violet, purple blotch L. 25c each; Blts. 10 for 20c.	G	G	LM	4	S	5
KEMPENFELDT BLUE (Vickers) Fine large light blue <i>Another fine new blue. Very close to Champlain in color but larger flowers. Perhaps not as good in placement as Champlain. This looks most promising.</i> L. \$1.00 each; M. 50c each; Blts. 10 for 80c, 100 for \$5.00.	G	G	5½	T	6
KIRCHOFF'S VIOLET (Kir.) Deep blue violet, darker throat.... L. 10 for 50c; M. 10 for 30c; S. 10 for 15c; Blts. 100 for 25c.	G	G	EM	3½	M	5
LIBELLE (Pf.) Heliotrope blue, violet feather in throat L. 40c each, 10 for \$3.20; M. 30c each, 10 for \$2.40; S. 20c each, 10 for \$1.60; Blts. 10 for 50c, 100 for \$4.00.	G	G	EM	5	M	6
MRS. GERTRUDE PFITZER (Pf.) Light violet, deeper blotch L. 10 for \$1.20; M. 10 for 80c; S. 10 for 40c; Blts. 100 for 35c.	G	G	EM	5	T	5
MRS. T. J. KNUDSON (V) Medium violet blue, purple feather.... L. 30c each, 10 for \$2.50; M. 20c each, 10 for \$1.50; S. 10c each, 10 for 80c; Blts. 10 for 25c, 100 for \$2.00.	G	G	EM	4	T	6
MRS. VAN KONYNENBURG (Pf.) Light violet, deep violet fth. L. 10 for 50c; M. 10 for 30c; S. 10 for 15c; Blts. 100 for 15c.	G	G	M	4	T	6
OLIVAR (Er.) Light violet, veined blue, deep violet blotch L. 10 for 50c; M. 10 for 30c; S. 10 for 20c; Blts. 100 for 25c.	G	G	M	4	M	5
OTHELLO (Pf.) Deep violet with crimson purple feather L. 10 for 75c; M. 10 for 50c; S. 10 for 25c; Blts. 100 for 40c.	F	G	M	5	M	6
PALLAS (Er.) Lavender blue L. 10 for \$1.60; M. 10 for 80c; S. 10 for 40c; Blts. 100 for 60c.	F	G	EM	4½	M	6
PELEGRINA (Pf.) Deep violet blue, black in throat <i>When at its best this is still the bluest of the Glads I have grown and one of the most beautiful.</i> L. 45c each, 10 for \$3.60; M. 35c each, 10 for \$2.80; S. 25c each, 10 for \$2.00; Blts. 10 for 50c, 100 for \$4.00.	G	G	E	4½	M	8
RHAPSODY IN BLUE (V) Light violet L. \$2.00 each; M. \$1.00 each; S. 60c each; Blts. 10 for \$1.00.	F	G	M	4½	M	9
ROSA RAISA (V) Deep violet blue, darker throat L. \$1.50 each; M. \$1.00 each; S. 60c each; Blts. 10 for \$1.00.	G	G	EM	4	M	6
SAPHIR (Lem.) Deep violet, red throat L. 20c each; M. 10c each; Blts. 10 for 15c.	G	G	E	3½	M	5
TRUE BLUE (Christ) Deep blue violet, penciled throat <i>In my one trial, this has been rather streaked in color and the throat penciling detracts some. Perhaps it will make a much better showing another year. If clear, it should be a very rich color.</i> L. \$15.00 each; M. \$10.00 each; S. \$5.00 each; Blts. \$1.50 each.	G	G	4	M	5
TRUE BLUE (Lane) Medium violet blue, darker feather <i>A promising flower in its class. Somewhat like Bella Donna but evidently a stronger grower and a bit deeper in color.</i> L. 35c each; M. 25c each; S. 20c each; Blts. 10 for 35c, 100 for \$3.	G	G	4¾	T	5
VEILCHENBLAU (Pf.) Medium violet with darker throat L. 10 for 50c; M. 10 for 30c; S. 10 for 15c; Blts. 100 for 20c.	G	G	M	4½	M	6
WODAN (Pf.) Deep violet blue, white mid-rib <i>One of the richest and nearest to blue of any but with weak stems. Poor grower and propa-</i> <i>gator.</i> L. 50c each; S. 30c each.	F	G	EM	4	M	6

General List of Varieties

Variety — Originator — Color and Markings	Sub. Type	Blm. Sea.	Dia. In.	Ht.	No. Out
ACADIA (Pal) Geranium pink, cream throat, pink feather L. 40c each; M. 20c each; S. 10c each; Blts. 10 for 25c.	G PG	M	5	T	6
AENNE RAHMSTORFF (Barth) Deep rose red, black throat.... L. 25c each, 10 for \$2.25; M. 15c each, 10 for \$1.25; S. 10 for \$1.00; Blts. 100 for 80c.	E G	E	4	T	7
AFLAME (Hr) Flame red, penciled lighter, large size L. 10 for 50c; M. 10 for 30c; S. 10 for 20c; Blts. 100 for 20c.	G PG	EM	6	T	6
A. H. WOODFULL (Er) Silvery mauve, darker throat, exhibition L. 60c each, 10 for \$5.00; M. 40c each, 10 for \$3.00; S. 20c each, 10 for \$1.50; Blts. 10 for 30c, 100 for \$2.00.	G G	EM	4½	M	9
ALBATROS (Pf) Purest white, sometimes poor placement L. 10 for \$1.00; M. 10 for 50c; S. 10 for 25c; Blts. 100 for 30c.	G G	M	5	T	6
ALLENWOOD (Hr) La France pink, red feather, white throat.... L. \$1.00 each; M. 50c each; Blts. 10 for 50c.	G G	LM	4½	M	5
ALMA NEEDHAM (Sal) Pink, white and red lined throat L. 25c each; M. 10 for \$1.00; Blts. 10 for 10c.	G G	L	4	M	6
AMADOR (Kingsley) Bright brick red <i>A fine variety with long spikes of almost perfect formation. Very showy and a heat resistant variety. Fine propagator.</i> L. 60c each, 10 for \$4.80; M. 40c each, 10 for \$3.20; S. 30c each; Blts. 10 for 50c, 100 for \$3.00.	E G	4¾	M	6
AMETHYST (Sy) Lilac rose, purple feather, exhibition L. 25c each, M. 15c each; S. 10c each; Blts. 10 for 25c.	G G-R	EM	4½	M	8
ANDREAS HOFER (Pf) Pastel pink, deeper feather L. \$3.00 each.	G G	EM	5	T	7
ANTIONE (K) Very deep yellow, placement poor L. 10 for 80c; M. 10 for 50c; Blts. 10 for 15c.	G P-R	M	3½	S	4
AORANGI (Doney) Exhibition white, cream throat L. \$2.00 each; M. \$1.00 each; S. 50c each; Blts. 10 for 75c.	G PG	M	4½	M	6
APHRODITE (Barth) Light salmon pink, cream throat L. 50c each; M. 25c each; S. 15c each; Blts. 10 for 50c.	G G	EM	4	T	5
APRICOT GLOW (Pal) Clear apricot, buff throat L. 10 for 40c; M. 10 for 20c; Blts. 100 for 10c.	G PG	M	4½	M	6
ARTEMIS (B) Light pink with cream throat L. 75c each; M. 50c each; S. 25c each; Blts. 10 for 50c.	F G	M	4	M	9
ASSUREUS (Vil) Salmon slate, red midrib, white throat L. 20c each, 10 for \$1.75; M. 10c each, 10 for 80c; Blts. 10 for 15c.	G G	LM	4	S	8
AUTAHU (Doney) Salmon overlaid and flaked slate L. 20c each; M. 10c each; Blts. 10 for 10c.	G G	LM	4	S	5
BAGDAD (Pal) Smoky rose, lighter throat, lined ruby <i>This variety, the companion to Picardy, gave me the most beautiful spikes in 1933 that it has produced in my garden. Christabel, Dorothy Dell, Duna, King Arthur, Lighthouse, Moondara, Pelegrina, Rosemarie Pfitzer, Smiling Maestro. One medium bulb of each for \$5.00.

PICARDY COLLECTIONS

As I still have a good stock of Picardy and others are making similar offers, I am repeating the collection offers of Picardy made in my fall price list. I cannot promise that my stock will hold out until spring, particularly in the large size bulbs, but the offers are good while stock lasts.

NO. 311

3 No. 1; 3 No. 2; 3 No. 4 bulbs for \$1.00.

NO. 312

5 large, 9 medium, 5 small bulbs for \$1.35.

NO. 313

2 large and 25 medium bulbs for \$1.75.

NO. 314

5 large, 55 medium and 25 small bulbs for \$5.

NO. 315

1 large, 31 medium, 50 small, and 1000 bulblets for \$10.00.

BAGDAD COLLECTIONS

I can supply collections of Bagdad with the same numbers and sizes of bulbs as Picardy at the same prices. Please order with the same Collection Number as used in Picardy but add the letter B to the collection number, thus: 311B, 312B, etc.

Delphiniums

EVERY Glad fan should have some plants of the "King of Hardy Perennials", the modern Delphinium, both to add that touch of true blue to the garden and for the fine cut flowers which they produce before Glads come into bloom. True enough, comparatively few Delphiniums are all blue but a large portion of them have considerable blue in their make up and the delicate pastel tints bordering on blue have a fascination for all flower lovers. The grandeur and impressiveness of an immense spike of a modern Delphinium must be seen to be appreciated, and for sheer loveliness of coloring, no other flower excels them.

A limited amount of seed saved in 1933 is still available at \$1.00 per packet. This seed was saved from plants with semi-double blooms from 2¼ inches to 3 inches in diameter. Seed from hand pollenized flowers at \$2.50 per packet of about 100 seeds. This seed will give a much higher average of good plants than the open pollenized seed. Seed of the new crop available in August. The 1934 crop will be saved mostly from plants with flowers 3 inches or more in diameter.

Seed from the Hoodacre White Delphiniums at \$1.00 per packet. These give some beautiful semi-double large flowered pure whites with white, tan, or black bees. A portion of the plants from this seed will be of colored varieties but many of them are unusual and beautiful.

Lupins

Few if any other flowers make a more gorgeous landscape showing than a group of high grade Lupins. The long spikes of flowers in many soft shades make splendid cut flowers, as well. The strain I am offering is from a selection made by Mr. Harley Haskin, of Lebanon, Oregon, and consists largely of pink, rose, and cream colored flowers with a generous amount of lavender and some blue shades. Seed at 25c per packet or 85c per ounce.

Photo Contest

While results have not been all that could be wished for, there have been more photos sent in the past season than the year before, and it is to be hoped that more will enter the contest in 1934. A first prize of \$5.00 cash is offered for the best photo submitted and \$3.00 in bulbs of my origination to others sending photos which are used. Pictures should be of well grown spike of recent introductions and they must be clear and suitable for reproduction.

Red Lory

Every Glad fan who grows exhibition flowers should have a few bulbs of this fine variety. It has been winning championships at leading New Zealand shows and now is becoming sufficiently distributed to become a contender for awards at shows here. A fine spike won sweepstakes at the Washington State Show at Seattle the past season. It is a flower of Emile Aubrun type but with longer spikes and more open florets and of different color. Stock of this variety is not large but my supply this year is much larger than previously and I hope to have enough to fill all orders. This must be grown from large bulbs to produce the finest spikes. Large bulbs, 25c each ; \$2.00 per 10 ; \$15.00 per 100. Medium bulbs, 15c each ; \$1.25 per 10 ; \$10.00 per 100. Small bulbs, 10c each ; 80c per 10 ; \$5.00 per 100.
